

# **HOJE PROJECT**

Beneficiary Satisfaction Survey 2023

# **FACTS & FIGURES**

HELVETAS conducted a survey on monitoring study with focus in the satisfaction of training process of disadvantaged youth supported by HOJE project during phase II,

2022-2023

in Nampula (districts of Nacaroa, Ilha de Mozambique, Nacala Porto) and Niassa Province (districts of Cuamba and Lichinga).

The objective of satisfaction survey on monitoring study, is to evaluate the youths train process including the internship stage and understand about their satisfaction on the process, but also learning with the trainers which aspects should be improved and considered in the future training process.

The satisfaction survey, consist in two elements (see Figure 1), a youth survey to understand the learning process and bring specific recommendations to improve the system, as well as a trainer survey, to provide additional information about the learning process.

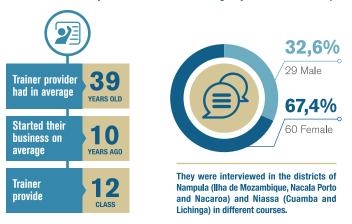

# **METHODS**

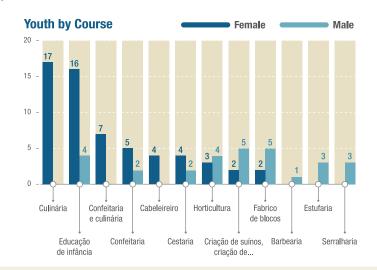

#### **DEMOGRAPHY OF THE SAMPLE POPULATION**

The satisfaction survey was conducted interviewing 89 youth and 16 trainer providers.
