

DEMOS

Decentralisation
and Municipal
Support

DEMOS fact SHEET

The Decentralisation and Municipal Support Project (DEMOS)

supports the 38 municipalities of the Republic of Kosovo in achieving more democratic local governance and better municipal management. It also supports the Government of Kosovo in the development of policies, which are more conducive to rule-based financing of municipalities.

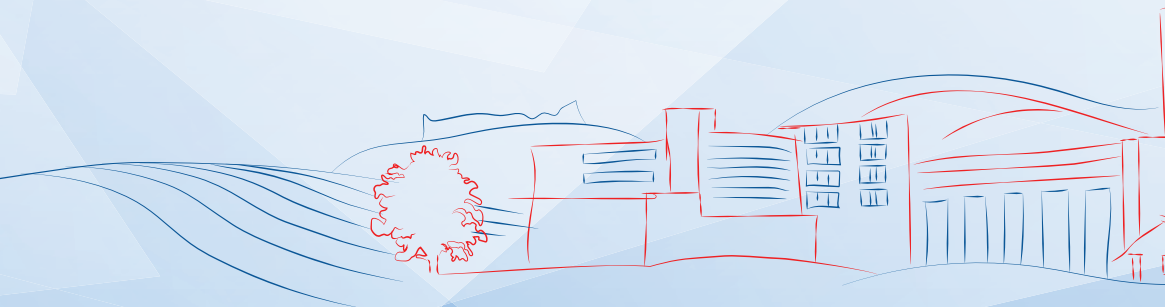

How does it work?

DEMOS supports municipalities based on their performance, by using the Performance Grant as its main tool. The better the performance, the higher the grant. The municipal performance is assessed using the Kosovo government's own performance management system.

By building competition among local leaders, performance grants trigger positive behavioral changes of municipalities for improved democratic governance, financial and human resource management.

DEMOS offers technical assistance to municipal staff and municipal assembly members to empower them to deliver better results. The technical assistance is delivered in areas such as citizen engagement and local oversight.

DEMOS also supports the central government's efforts for systemic and effective policies leading to a more conducive environment for decentralized local governance and rule-based financing.

Who do we work with?

DEMOS works closely with a number of partners to ensure increased impact and sustainability of its interventions:

DEMOS

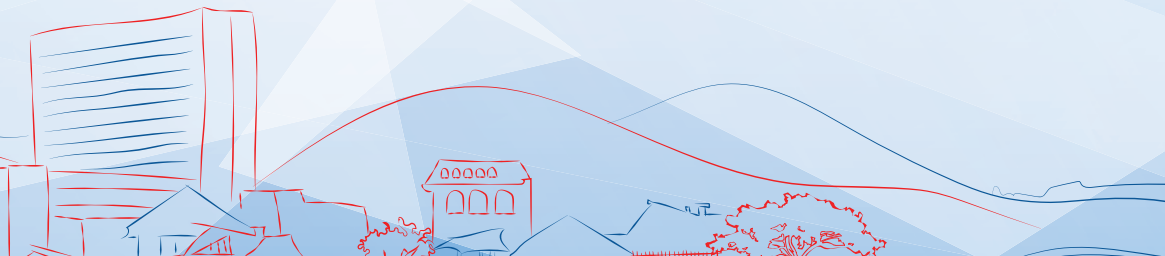

All 38 municipalities of Kosovo

The Ministry of Local Government Administration (MLGA)

The Association of Kosovo Municipalities (AKM)

The Ministry of Finance, Labor and Transfers (MFLT)

The National Audit Office (NAO)

Co-funded by
