

AT A GLANCE

Our **VISION** is a just world where all men and women determine the course of their lives in dignity and security, using environmental resources in a sustainable manner.

OUR MISSION

Working with our partners, we support the efforts of disadvantaged people and communities in developing countries to determine the course of their own lives, thereby helping them to help themselves. We promote fair access to essential resources and protect social, economic, political, environmental and cultural rights. In Switzerland, we promote a spirit of solidarity among the public and we campaign for coherent policies that benefit people in developing countries.

HOW WE WORK

DEVELOPMENT PROJECTS AND HUMANITARIAN AID

Helvetas provides support. We enable people to change their own lives and the life of their community. Our approach is to build local capacities to manage all aspects of projects – from planning to implementation to evaluation. In emergency situations we provide humanitarian assistance on the ground as well as supporting sustainable reconstruction efforts.

CONSULTING

Helvetas provides effective assistance. Our experts advise and support private, state, multi-lateral and civil society organisations – providing professional expertise, skills training, and sharing experiences more widely through international networks.

EDUCATION AND INFORMATION

Helvetas informs the Swiss public. We highlight global connections and focus attention on social and environmental inequalities. At schools and events, in exhibitions and publications, we point out to Swiss citizens the positive steps that they can take, whether as consumers, volunteers, donors or voters.

FAIR TRADE

Helvetas promotes fair trade. We bring together producers in the South and organisations and companies in the North. At our FAIRSHOP we sell goods from developing countries that are produced using fair and ecologically friendly practices.

DEVELOPMENT POLICY

Helvetas takes a stand. Through petitions and campaigns we seek to influence development policies, whether in Switzerland as a supporting organisation in Alliance Sud, and internationally as a member of Alliance 2015.

WHO WE ARE

Helvetas, an international network of independent affiliate member organisations, is working in the fields of development cooperation and emergency response. We promote the fundamental rights of individuals and groups and strengthen governments and other duty bearers in their service provision, building upon six de-

acades of development experience. With 1300 collaborators in about 30 countries, of whom 1100 are national staff, the network members share a common vision and mission and subscribe to common working principles and policies. We jointly implement development programmes and adhere to a common strategy,

working approaches and thematic areas of intervention. In Switzerland, Helvetas is structured as an association of 100,000 members and donors and has offices in Zürich, Bern, Geneva and Balerna.

Source of funds 2017: CHF 127.1 million

- 1 Income from fundraising 21.8%
- 2 Contributions SDC 51.6%
- 3 Project funding from organisations 21.2%
- 4 Other earnings 5.4%

Use of funds 2017: CHF 130.9 million

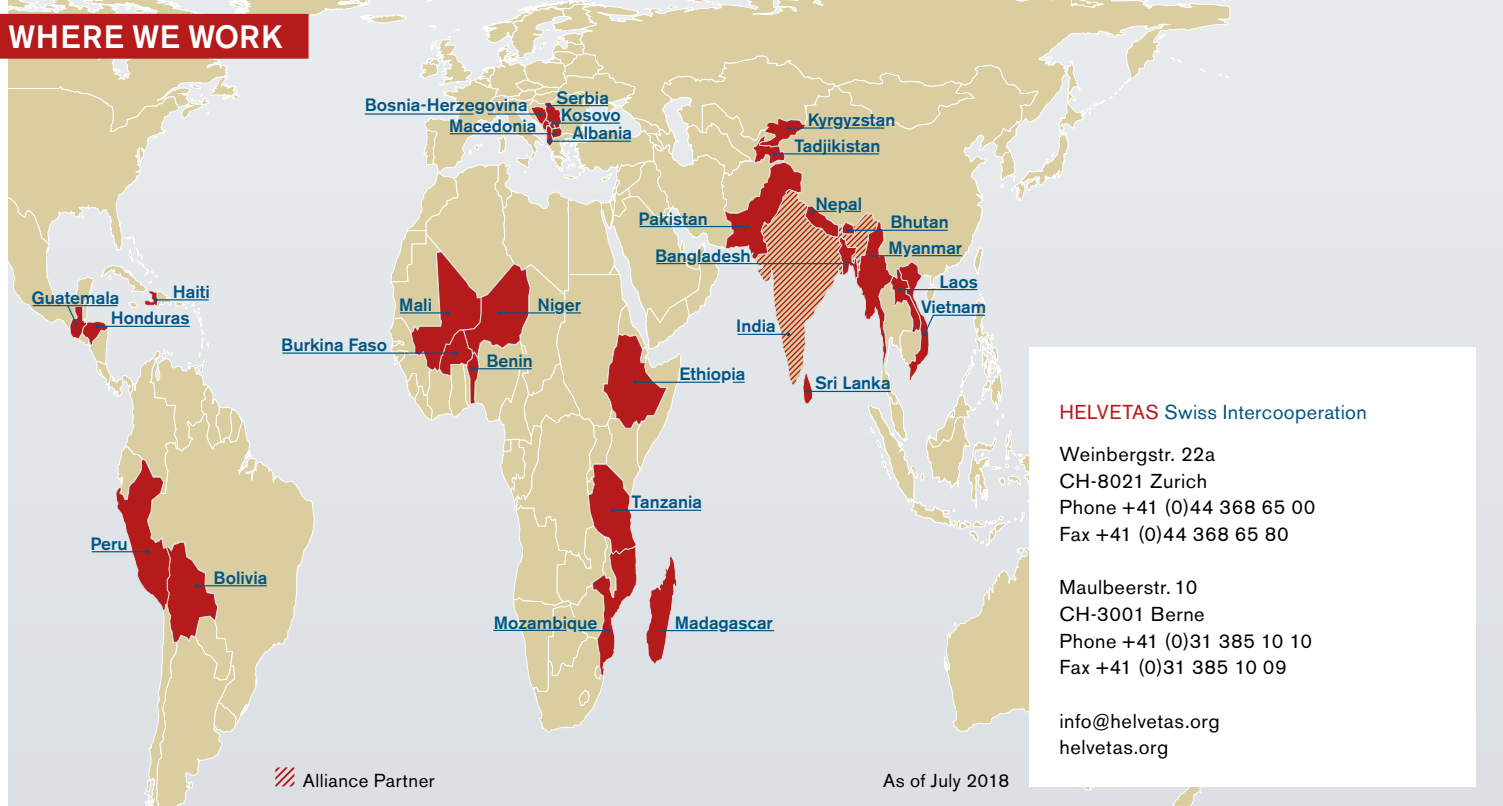

- 1 Services outside of Switzerland 83.8%
- 2 Services within Switzerland 6.9%
- 3 Head office 3.7%
- 4 Fundraising 5.6%

Programme expenditure by continent

- 1 Africa 27.6%
- 2 Asia 34.2%
- 3 Latin America 19.3%
- 4 Eastern Europe and Central Asia 18.9%

WHERE WE WORK

WATER AND INFRASTRUCTURE

Access to clean water and sanitary facilities is a prerequisite for a healthy life and for regional development. Infant mortality is reduced, women no longer have the burden of carrying water long distances, and productivity increases. Constructing water supply systems and latrines,

hygiene training and advocating for a fair water policy are amongst Helvetas' priorities. We also promote the construction of roads and trail bridges to make for shorter routes to schools, health centres and markets.

"Our soil is turning salty. And we knew

that the water from the pool wasn't safe. Now we have clean water even in the dry season – in our rainwater cisterns."

Protap Mazumder, 42, a tailor in the Sundarbans region in the south of Bangladesh

Target: From 2013 to 2017 we will provide access to clean drinking water for at least one million men, women and children and access to sanitary facilities for at least 500,000.

RURAL ECONOMY

Over 800 million people around the world go hungry every day. Helvetas helps small farmers improve their crop yields whilst respecting the environment: through efficient irrigation, ecological farming methods and crop diversification. We support farming families to gain a footing in

local and regional markets as well as access to international fair trade. Training courses and access to micro-loans open up new production opportunities for rural communities. In this way, farmers and small businesses can become drivers of rural development.

"It was tough at the beginning, and we lost

heart more than once. But each time I said, 'Keep going!' We used to have nothing, and I didn't know how I would pay for my children's education. Now I know."

Bernardina Ray, 54, rose grower and chair of a producers' union near Cusco, Peru

Target: From 2013 to 2017 we will enable one million women and men farmers to access agricultural advisory services and to markets, thereby helping them to raise their income.

ENVIRONMENT AND CLIMATE CHANGE

Global climate change threatens the livelihood of farming families in vulnerable regions. Helvetas helps them to protect themselves from environmental risks and adapt their farming methods accordingly. Farmers learn how to conserve the soil, forest and watersheds. We call for those

who are chiefly responsible for climate change, the industrial nations and large newly industrialized countries, to cut greenhouse gas emissions. We maintain a critical eye on Swiss climate policy, and our experts engage actively in global climate debates.

"If we are to take on the new

challenges we'll need a lot more research. And we'll need plenty of farmers to apply all the findings. For them to understand the point of new farming methods they have to see it with their own eyes. So that's why I show them how it's done."

Miguel Ortega Paty, 37, farmer and agricultural adviser in Viloco, on the Bolivian Altiplano.

Target: From 2013 to 2017 we will help 500,000 people adapt their farming methods to the effects of climate change and reduce greenhouse gas emissions.

SKILLS DEVELOPMENT AND EDUCATION

Primary school education and vocational training enable young people to take charge of their own lives. Helvetas provides teenagers and young adults in rural areas access to tailored training modules, corresponding to labour market requirements. Advice on business management

helps them to set up small businesses and promotes entrepreneurial activity. We assist state agencies in training teachers and developing teaching materials. In all these efforts, we attach particular importance to the inclusion of girls and women.

"I want to be a fashion designer

and open my own shop. Then I'll be able to pass on my skills as a seamstress to other young women."

Egzona Maliqi, 20, a seamstress in the multi-ethnic village of Berivojce in eastern Kosovo

Target: From 2013 to 2017 we will provide access to better basic education for 500,000 girls and boys and access to vocational training for 75,000 young people, which will improve their prospects in life.

GOVERNANCE AND PEACE

Where people feel that the fruits of their labour are protected from arbitrary seizure, they can securely strive to make a better life for themselves. Helvetas works towards a society of equal opportunities for all, strengthening the ability of men and women to organize and to

assert their basic rights. We assist government agencies in fulfilling their responsibilities to serve their citizens. In this, we aim to make participatory planning, transparency and reliable services the norm.

"I didn't know my responsibilities and

duties as a councillor – but neither did I know the possibilities. Now I understand that the fate of the community is in our hands, and how we can improve our lives."

Degu Melese, a farmer and town councillor in Ahuri, South Achefer district (Amhara), Ethiopia

Target: From 2013 to 2017 we will train 30,000 people in civilian peace-building and work with them to bring about peaceful solutions to conflicts.
